8. APPROVAL OF MINUTES OF PREVIOUS MEETINGS

- 8.1. Council Meeting November 7, 2023
- 8.2 Council Work Session November 20, 2023

Councilmember Hickey made a Motion to approve the Minutes for the Council meeting on November 7, 2023, and Council Work Session on November 20, 2023, which was Seconded by Councilmember Ramsey. With no Discussion, the Minutes were approved unanimously.

9. MONTHLY FINANCIAL REPORT

Finance Director Jeff Wilkins presented an overview of the investments made and why those investments were made. Investing has made the best use of the taxpayers money by moving it in a healthy way. Over the last 12 months (calendar year), \$680,000 in interest has been earned through various accounts. This money goes back into the projects, which benefits the community. By reinvesting the money from last year's CDs after maturity, almost \$13,000 more will be earned this year. The City will continue to invest wisely by diversifying the portfolio.

The majority of expenses are currently related to salaries, debt service, and capital outlay. The expenses (\$1.85million) are greater than the revenues (\$950,000) because of where we are in the Fiscal Year. This will correct itself through property taxes, business licenses, franchise fees, and state shared revenue.

Quarter 1 will be reviewed at the January Council meeting.
